The WSU Extension Master Gardener Advanced Education Conference <https://mglearns.mastergardenerfoundation.org> be held **September 27-30, 2023 in Tacoma, WA**, will be the final event of the 50th year celebration of the success and growth of the [WSU Extension Master Gardener Program](#). The flagship Extension program began in 1973 at Washington State University and has grown to become a nationwide and international program.

Presentation proposals are currently being accepted, and you could be an excellent contributor to the educational program of the conference.

We are looking for a diverse lineup of speakers on topics including environmental and social topics related to our nine [Program Priorities](#), the future of the Extension Master Gardener Program, diversity and accessibility, and/or developing robust partnerships. Each class session is 75 minutes in length. Share your knowledge and talents to help educate Extension Master Gardener volunteers to teach research-based gardening and environmental stewardship practices in their communities. Together we all make a difference!

We hope you'll consider presenting at the conference and sharing this link with your colleagues. Please review the call for proposals details and submit your proposal by **March 1, 2023**.

Please don't hesitate to contact me if you have questions.
